News and information

Our next event is Khancoban on the weekend of 8-10 September. Most are staying at Veranda camp, if you haven't already done so contact Adrian. It may be full but I am not sure. We have not fished here for some time so I can't give you any tips. For those that like to chase them, there are some big redfin in the lake. Target species will be trout and redfin. Dinner on Saturday night will be at Veranda camp so please ensure we know you are coming so we can cater for you. We need the numbers by Tuesday the 5th. Those staying in the Veranda camp, please bring cash to pay the accommodation, it cannot be paid by card, sorry. Cost for the weekend is \$20.00 per head.

The section has applied for a grant to run a NSW go fish day. If we are successful, the event will be held on the 1st October so as not to clash with Bathurst. I know it is the NRL grand final weekend but the game is at night and as such will have less impact on the numbers attending hopefully. All members are able to attend and there is no cost if you come along. There will be knot tying along with other activities. Bring the kids, bring the grand kids, you never know, they may win a prize and you might learn something useful.

Eildon, what can I say. Extremely hard work with only six fish presented at weigh-in and not a lot more caught. It rained most of Saturday but was not windy so it wasn't too uncomfortable. Sunday was a beautiful day on the water. The facilities at the caravan park are good. The camp kitchen made the evening meal easy to prepare. Results for the weekend are follows:-
Men's best bag, Adrian, 4 fish 2.30Kg
Men's best brown trout, Gus, 2.10Kg
Consolation prize, Bruce.
Ladies attending were unsuccessful in producing a fish.

Happy birthday to the following member/members: Jeff (80)

Memberships are now due for the 2023/24 season. Please pay promptly.

Committee 2019—2020

President	Adrian Kent	58 Firestone Way Wodonga	6059 3765

Mar 16-19	Eden
Apr 19	AGM
Apr 25-28	Dart
May 18-20	Eucumbene
Jun 22	In house
Jul ?	Interclub

Have Your Say On The Freshwater Fish Stocking Plan

DPI is inviting recreational fishers to have their say on where they would like to see some of their favorite freshwater species stocked. DPI works with fishers and communities to release key sportfishing species such as Murray Cod, Australian Bass, Golden Perch, Rainbow Trout and Brown Trout into public impoundments and dams each year during the stocking season. DPI has developed a new plan for recreational stocking of impoundments and reservoirs for the 2023-2024 season and would like feedback on what is proposed. This gives recreational fishers a great opportunity to recommend on where fish stockings take place in their favorite locations over coming seasons. A range of native fish including the iconic Murray Cod are produced at DPI's Narrandera Fisheries Centre. Australian Bass are produced at the Port Stephens Fisheries Institute and Trout and Salmon are bred at DPI's Dutton and Gaden Trout Hatcheries. Last year's stocking season saw more than 5.9 million fish released into NSW waters. Recreational fishing in NSW is a multi-billion-dollar industry and we're hoping to see plenty of fishers active in our local waterways, contributing to regional economies and helping boost our fishing assets after a challenging few years of drought, bushfires, floods and blackwater events. Freshwater fish stockings are another great example of recreational fishing licence fees at work. Check out the draft plan at the link below and provide comments by 15 September 2023. For more information contact fish.stocking@dpi.nsw.gov.au
