News and information

Welcome to another year. Last year was a busy year which ended well with fifty members attending the Christmas party, along with some new members and some old faces we have not seen for a while.

Our first event for 2024 will be to Eucumbene on the 26th to the 28th Jan. Some are camping as per last year. Target species will be trout. As an added interest to the weekend there will be a chance to win a Taipan prize pack. On Saturday there will be a competition within a competition. You may only use Taipan lures to be eligible to win the prize pack from Taipan. There will be a weigh-in Saturday night for the Taipan event, fish from this weigh-in will count towards your weekend tally. Only fish caught on a Taipan lure can be weighed for this. I am not sure at this stage where the Saturday night dinner and the Sunday weigh-in will be, it will depend on where the majority are based. Cost for the weekend will be \$20.00 per head for adults.

February will be Sue city camping. More next month but don't forget, you need to book. Cost is \$6 per vehicle. Use the following link to book. <https://www.nationalparks.nsw.gov.au/camping-and-accommodation/campgrounds/ohares-campground> Copy and paste the link into your browser.

I will shortly be sending out a notice for the AGM. The current committee is looking for ways to help improve numbers at events and as such would like input from the members. E.g. number of events, distance travelled for the events etc.

Nillahcootie was well attended as usual but the water was very dirty, all the rain leading up to the weekend, which made the fishing very difficult. A lot of small cod were caught but only one legal Yellow belly and one redfin were presented for weighing. Well done to Chris and Adrian respectively. The evening meal on the Saturday night was well received.

We have done our Biannual fish release with just over 9000 fish being released. Thank you to all who attended the event.

Happy birthday to the following member/members, Dirk, Garry, & Tom

Memberships are now open for the 2024/25 season. Please pay promptly.

Murray cod season underway

The Murray cod season opened on Friday 1 December 2023, following the annual three-month breeding closure.

Record numbers of Murray cod produced and stocked during the 2022/23 season has helped bolster populations in NSW lakes and rivers after years of drought, bushfires and floods.

More than 1.28 million Murray Cod were stocked into waterways across inland NSW during the 2022/23 stocking season.

A daily bag limit of two Murray cod per person and a total possession limit of four applies when fishing in any inland waters. Fishers are required to release Murray Cod which are smaller than 55 cm, or bigger than 75 cm, with the least possible harm.
