News and information

Our next event is Eden, 16-19 March. Fishing is Saturday to Monday. There will be greeting on Friday night at the camp kitchen. Rules for the event are on page two. If you catch an eligible trophy size fish but do not wish to keep it, you may photograph it and release it. You may then enter that photo/fish. All other fish we would like to see as it adds to the event. There will be a dinner on the Monday night along with presentations for the weekend. Cost is \$20.00 per adult. Don't forget your fancy dress costume for the Monday night, its all part of the fun. Name to me or another committee member before the Tuesday before the event

For the May trip to Eucumbene, the event is Saturday to Monday due to the lodge being booked on the Friday. This will mean there will most likely be no access to the lodge before 2pm, plan around this. Don't forget also, those wishing to stay in the lodge, you need to pay a deposit please. If paying by direct deposit, please advise me that you have done so. For those who have already paid, thankyou.

April will be Dartmouth and the AGM.

Sue city was cancelled due to low numbers, as such there is no results.

Pensioners and fishing licences

If you're the holder of a current Pensioner Concession Card issued by Centrelink or the Department of Veterans' Affairs you don't need to pay the NSW Recreational Fishing Fee.

If you've been issued with one of these Concession Cards there is no need to pay any fees or fill in any forms - just take that card with you when you go fishing.

Happy birthday to the following member/members, Adrian and Kevin.

Memberships are now open for the 2024/25 season. Please pay promptly.

Mar 16-19	Eden
Apr 19	AGM
Apr 25-28	Dart
May 18-20	Eucumbene
Jun 22	In house
Jul ?	Interclub

Rules for Eden

Only fish in the 2023-24 NSW Salt water rules book will be eligible for weighing. The only exceptions are Gummy sharks and Wrasse which do not appear in the current book.

All fish presented for weighing that do not have a size limit in the above rules book must be 30cm or longer. There is no size limit for Gummy sharks in NSW but only Gummies over 50cm from rear gill to tail chordal will be accepted for measurement. Only school sharks have a size limit in NSW and that is 91cm. Sharks in NSW are measured the same as other finned fish, from nose to tip of tail. Fish with a minimum size limit in the above rules book are required to meet that size limit. Fish are to be whole and will only be measured for length, not weight. Fish may be minus gut and gill if you wish, or whole, for measuring.

Fish considered not being of table quality, e.g., Wirrah (old boot or pepper or peppermint cod), Sergeant Baker, bait fish etc. will not be weighed. If you want to keep these feel free, I would not recommend keeping the Wirrah.

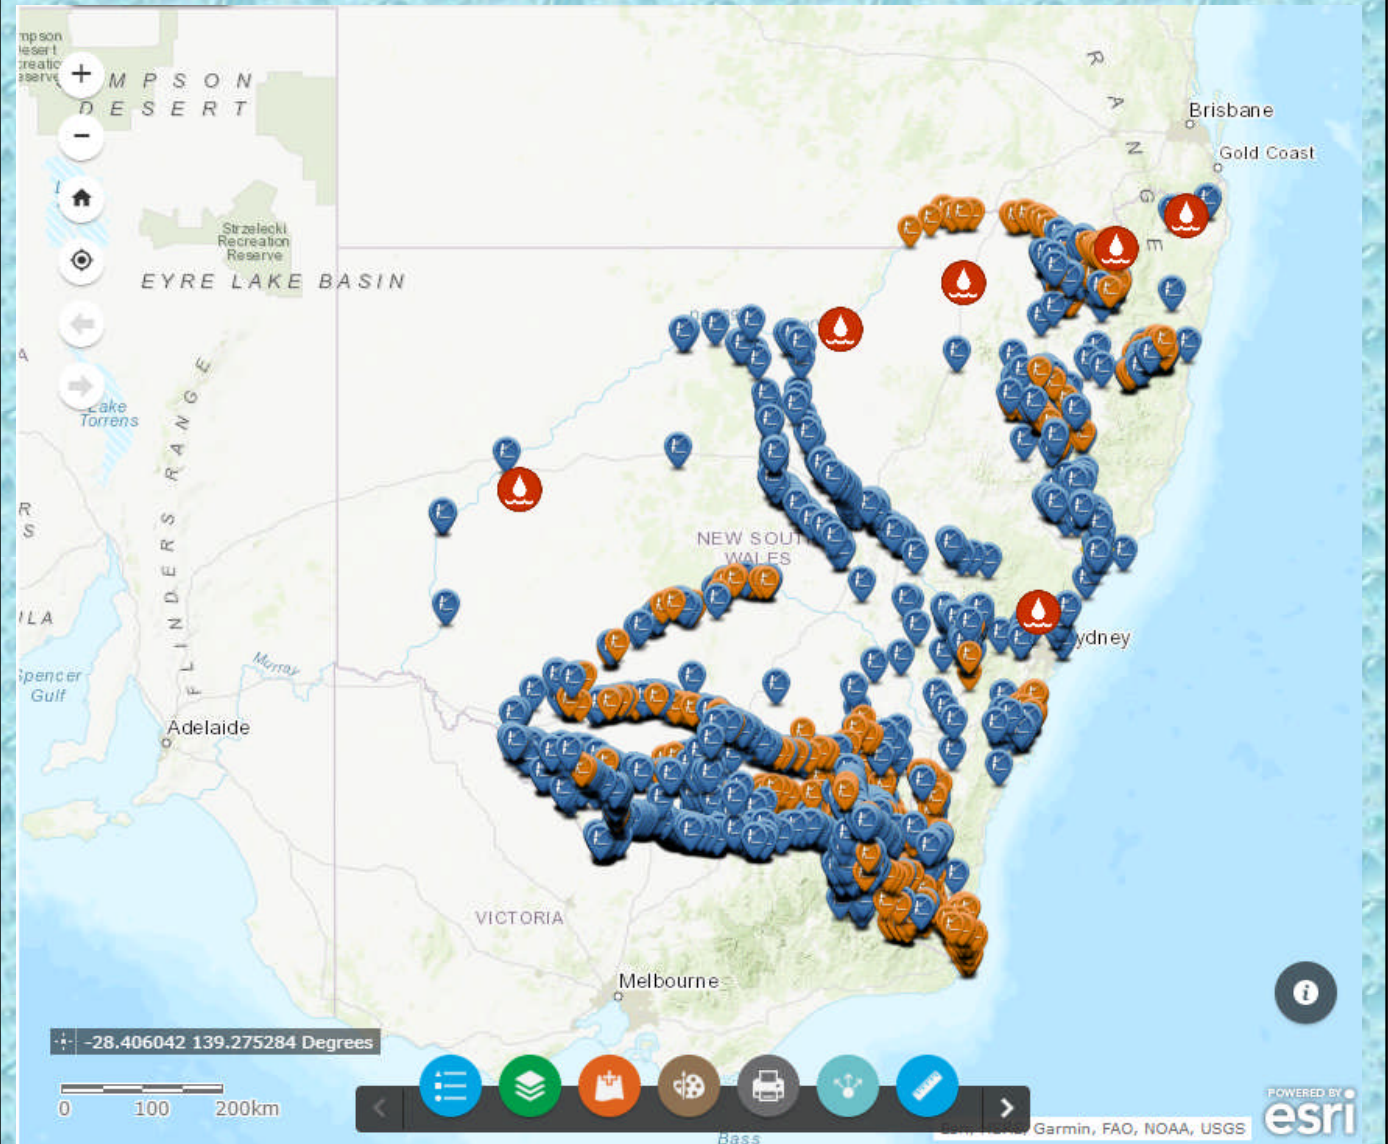

You only need to weigh your best fish of each species. Points will be awarded for each fish with the best receiving 9 points, the second best 8 points etc. All fish weighed will receive points.

Weigh-in times will be advised at the Friday night welcome function.

Prizes for overall champion in male and female, adults and juniors only will be awarded. Overall champions will be determined on the total number of points amassed by an angler. Prizes may be awarded for outstanding fish at the committees discretion.

All members are reminded that bag and possession limits apply to most species. It is the member's responsibility to abide by the bag and possession limits.

NSW Angler Access website

The NSW Department of Primary Industries (DPI) has launched the Angler Access website, which provides thousands of locations across inland NSW where rivers, streams and lakes can be legally accessed for fishing. DPI worked with the NSW Council of Freshwater Anglers, over the past six months to fine tune the site. The website provides recreational fishers an easy-to-use map showing more than 4,000 verified sites to fish for native species including Murray cod, golden perch and Australian bass, as well as brown trout and rainbow trout. For more information about Angler Access, and to view the map, visit the DPI website <https://www.dpi.nsw.gov.au/fishing/recreational/resources/anglers-access>

LEIGH MARTIN MARINE
